Mr. Leo F. Koberlein
Columbia, Illinois

Dear Mr. Koberlein:

We have received plat of proposed Country Aire Estates South of Columbia, and will be glad to supply electric service to this proposed subdivision.

I am returning a print showing additional easements required, if possible. This will enable us to build in from Route 3, and we would not have to set poles on Gilmore Lake Road.

Please contact us as soon as possible, if you want us to proceed to lay out an electric distribution system for this subdivision.

Very truly yours,
ILLINOIS POWER COMPANY

C. M. Douglas, Manager
Monroe County Electric Cooperative
Waterloo, Illinois

Dear Mr. Douglas:

Notice is given of our intent to extend electric service into the Countryside Estates. This is a subdivision

located south of Columbia in the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$,
Section 26, T1S, R10W, of 3rd P.M., Monroe County,
Illinois

Approximately one year ago L. F. Koberlein contacted
our Engineering Department about service to this sub-
division. Nothing has been done about the development
of this subdivision until last week when Mr. Koberlein
sent a copy of the recorded Plat showing 18 lots to be
served. He also stated that there are plans to start
building a home on Lot 15 in the immediate future.
Mr. Koberlein requested that we provide electric serv-
ice for the entire subdivision.

As you know we now have electric service just off high-
way Route 3 and intend to extend service from this
point. It is my understanding that you have electric
facilities located along Gillmore Lake Road, which is
approximately 150 feet from the northeast corner of
the subdivision

If you have any questions concerning this please don't
hesitate to give me a call.

Yours truly

B. L. HANTLE /s/
